# **CHAPTER - 1**

# 1.Executive summary of the project

## Brief about the project :-

The PMKSY-(WDC-02) 01/2021-22 project area of Yelburga Taluka is 3 kms away from the Taluka Head Quarter. It comprises the geographical area of 14721.00 Ha includes 10 villages belongs to 5 Gram Panchayaths. The name of the Sub-Watershed is Hirekoppa. The project area lies between Longitude : **E: 75°56'012" to E: 76°02'065" (EW) & Latitude N: 15°45'017" to N: 15°37'084" (NS)**. The soil types are Red sandy soil, Red soil, Black soil. The land slope is varies from 2-5 %, The major area of the projcet is belongs to rainfed agriculture and the major crops grown in this area are Hy.Maize, Bajra, Hy.Jowar,Greengram, Bengalgram, Groundnut, Redgram, Chilli & Onion, etc.,

The detailed planning for the treatable area is 5728.15 Ha. Under PMKSY-WDC-2.0 with an outlay of Rs. 1603.88 Lakhs which is worked for taking up natural resourse management (NRM) activities, production system activities, NRM & Governance activities, Livelihood activities for the assetless persons, formation of FPO's, Institution & Capacity Buildings activities, etc., & Some of these activities are converged with the RKVY, PMKSY-OI & NREGA Schemes.

## Institutional Arrangements :-

All the 10 habitat villages are connected by roads, power supply, educational institutions up to higher secondary level and Degree colleges are in the Hobli level, Anganawadi facilities are available in the villages. The veterinary services are at GP level and weekly market at Hobli level and also the primary health center, Bank, Post office are accessible within a radius of 5-7 Kms.

The GP's are appraised of the implimentation of PMKSY-WDC-2.0 (Koppal-WDC-01/2021-22 project), in their area with peoples participation. 3 Executive committee (EC) at GP level, 42 SHG's, 42 UG's & 1 Farmer Produce Organisatin (FPO) at village level have been formed to take up various projcet activities.

## **Main Objectives of the Project :-**

1. To improve the productive potential of the rainfed/degraded land through integrated watershed management.
2. To strengthen the community based local institution for promotion of Livelihoods & Watershed sustainability.
3. To improve the efficiency of watershed project through cross learning and intensive mechanism.

## **Salient Project activities :-**

1. Enhancing quality life among village community.
2. Ensuring institutional support for strengthening community organisation for data collection and preparation of action plans.
3. Inducing and strengthening both landless and poor landholders for income generation activities.
4. Reduction of soil and water erosion and fertility improvement for crop production.
5. Increasing household income of landholders through integrated farming system and adoption of allied activities like sheep/goat, poultry/rearing and vermi compost production etc.
6. Improving vegetative cover for fodder, fuel wood and timber
7. Improving ground water recharge.

## 1.Introduction and General description about project area

Area in ha.

#### Nature of Right :

**F** --->for right to fishing [culture,harvest and sale]

**Fw** -->for right to collect firewood for domestic purposes

**G** --->for right to grazing for cattle

**MFP** ->for right to collect and sell minor forest produces

**P** --->for right to passage across the CPR

**Rd** -->for right to construct a road for access to individual property

**S/M** ->for right to collect and sell Sand and Minerals

**So** -->for right to collect soil for nursery and plantation activities and construction

**T**--->for right to collect timber for construction of house

**Wd** -->for right to collect/use water for drinking

**Wi** -->for right to use water for irrigation
